We would put down street receptacles and I need to see what our inventory looks like. Your CARE team would be the staff to service these receptacles.

Hello Sarah,

On [8822 Helen Ave](#), there is currently an RV there and is littering copious amounts of trash all over the street. CARE is going over there every Wednesday to assist. The business across from the RV is requesting sanitation bins so the RV inhabitants may throw their trash out to them so they may avoid littering. In addition, the inhabitants sometimes use their Republic Services bins to throw their personal trash. Is this a request that may be fulfilled? What is the process of acquiring these bins?

Thanks,

Cristian Tafoya, Caseworker
